From Bill Martin

Saw CNI man Guy Johnson at CRC meetings.

Worked for Banister while in law school. Thinks he may have seen Oswald there but is uncertain.

Also was investigetor for "Anti-Communist Committee of the Americas". Maurice Gatlin. Banister later. Remembers when Banister came in. Martin in Caribbean section, director Internal Relations. Gatlin fell out of a 15th story window (Puerto Rico?) while at ending a meeting he had wanted Bill to attend.

Lyman Kirkpatrick, CIA, had meeting International House.
